Milwaukee—At Milwaukee after spending a week at the C. S. Kluge home in this city.

The board of review met on July 1st and adjourned until Aug. 5th at 9 o'clock a. m., when they will meet in the council room and be ready to take up the review.

Miss Myrtle Matthews, who has been making her home at the O. A. Kluge home in this city, left on Sunday to spend the summer with her father, Alfred Matthews at Milwaukee.

Joseph DeWayne of Milwaukee was in the city several days during last week visiting with friends. Joe formerly worked in the Wood County bank, but is now studying medicine in the Ocean City.

Mrs. Lizzie Cahill, who is now in business at West Bend, Wis., was in the city a few days the past week. Mrs. Cahill's furniture has been stored away in this city, which was shipped to West Bend last week.

The dray team belonging to J. H. Shore ran away on Monday. There was a load of furniture belonging to Will Stillwell on the dray and this furniture along the road and badly damaged. Nobody was hurt.

Miss Mollie Mohr of March, Wis., was in the city over the Fourth. She departed on Saturday for her home, being accompanied by her sister, Mrs. Edw. Merrill and two children who will make an extended visit at that place.

Tombawg Leader.—Mr. and Mrs. P. Arpuet left Monday for Star Prairie, Wis., where they will live. Their household goods were shipped last week. Miss Katherine Galligan who has been here also, left the same evening for her home at Nekoma.

John Boles of Green Bay spent last week in the city visiting with relatives. John has been making his headquarters at Green Bay for the past year, having the agency for the East Proof Lighting plants in that locality.

Wassau Record.—Mr. and Mrs. Max Cohen and daughter Tillie, Max Cohen and family of Waupaca and Jim Cohen of Grand Rapids will leave the latter part of next week on a trip to the Jamestown Exposition, New York City and other eastern points.

Beginning with next Sunday the Sunday school of the Congregational church will hold its session before the morning service, beginning promptly at 9:30. Morning service at 10:30. Young people's meeting at 6:45 p. m. Union meeting in the Methodist church next Sunday at 7:30.

Harry Powell, one of the best fielders in the Grand Rapids team, resigned on Monday and departed for Manitowish where he expects to play the balance of the season. Harry was one of the popular players in the team and will be greatly missed by the ball fans.

People who were out on the evening of the Fourth thought that we were going to have some destructive wind here. It blew for about thirty seconds as if we were getting into the eye of a cyclone. It lasted only a short time and no damage was done outside of the blowing down of a number of shade trees about the city.

Most of the streets are completed and are in fine condition in our new Outlook addition on Grand Avenue, West side. Get in on the ground floor, make an early selection of the choice lots at \$30. to \$80.00. Let us show you the lots. Geo. N. and Guy K. Wood.

Mr. and Mrs. Sam Moborz of Merrill, spent the 11th visiting at the Peter Moborz home in the town of Sigel. They also visited friends in the city before returning. Sam now has the position of head engineer in the paper mill up there and his many friends here are pleased to hear he is doing well.

Margie Jackson, who drives the rural route out Kenosha way, reports that the hail on Sunday evening did considerable damage along his route. Where pointers had been standing there were left only the bare stalks. There was also badly cut up. Mr. Jackson says that in places the hail laced for fifteen minutes and that the hailstones were an inch in diameter.

There was a report published in the Chicago papers last week to the effect that Grand Rapids had been visited by a cyclone and great damage done to life and property. People who had friends and relatives living here have been writing to find if they sustained the general disaster. There were several times when it looked very much as if we were going to get some severe wind, but up to date we have escaped anything serious.

Merrill Star.—Mrs. E. S. King departed Saturday morning for Grand Rapids, where she spent the day, then journeyed on to Chicago, to visit her sons Lloyd and wife. Monday evening Mrs. N. L. Alderson and Mrs. Fred J. Rossmann departed for Chicago, where they joined Mrs. King and all departed for the east. At Buffalo, N. Y., Mrs. Rossmann will visit a few old days and then proceed to establish home at Eldred, Pa., and Medwades King and Alderson will go to Toronto, Canada, for a visit and then embark on a trip down the St. Lawrence and Hudson rivers.

Rev E. B. Killips building across from the Tribune office, and have opened a mission therein. Religious services will be held every evening and on Sunday mornings, and the public is extended a cordial invitation to attend. Rev. Killips has been holding meetings on the streets for some time past, and had become so discouraged with the interest taken that he has decided to establish a mission.

Piles got quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive, relieving or binding.

COUNCIL PROCEEDINGS.

There was presented Ordinance No. 108 providing for the removal of unsafe, defective and insufficient sidewalks by the city, and the rebuilding in the place thereof, of a standard sidewalk or one as good as a standard and the collection of the cost thereof under Chapter No. 159 of the laws of Wisconsin for 1905.

By unanimous vote, the clerk calling the roll, Ordinance No. 105 was adopted. (Same may be seen in legal forum.)

On motion the city attorney was instructed to thoroughly investigate the legal steps to be taken in the matter of the drainage of the lands in the western part of the city and to have prepared the proper resolutions covering the same and to present his report and the resolutions at the adjourned meeting of the council.

Supt. Pfeiffer reported that the Commission to connect water plant with Co. desired to conduct their paper with the water native of the city for the purpose of protecting their plant in case of a shut down of their mill.

HARDWARE, East Side.

VICTORIA, DEWEY, SUNBEAM

A WISE WOMAN

Knows that one of the first requisites in making good bread is to have first-class flour, and she will generally have it if it is obtainable.

A WISE MAN
Will always see to it that his wife has 12 flour and to make sure the matter he will use VICTORIA, DEW or SUNBEAM.

GRAND RAPIDS MILLING CO.

THE "WHY" OF IT

Did you ever wonder why Trendeays shoes are never sold at a reduced price or found in a bargain counter? Our reason is that they are always bargain at \$5.00 and another reason is that the margin of profit for both the manufacturer and retailer is so small there is no chance for a reduction. You get your money's worth when you buy Trendeays.

Taylor, the negro, in one of the best apertures in America. He is warranted fast black.

Norway's seaweed, used as fuel, yields a greater revenue than do the fisheries of that country.

If women would rather do the housework than the office work, why, the men might be appreciative.

With famine, rebellion, and earthquakes, China has had many of the big things since this year.

A Chicago girl refused to marry a man, who at once justified her lack of confidence by killing himself.

Dr. Emil Reich says: "I am dead. Perhaps they have no piano in the flat above the one Dr. Reich occupies."

The doctor who collected 1,000 skulls to do an office number of all the Greek letter faculties.

Says an Alabama poet, "I said in my heart all fishermen are there." That's after the collection got in, isn't it?

Are we not to be permitted to retain a single old belief? A Washington expert now says that it is foolish to eat green peas.

Prof. Bell says we shall soon be flying. Others have thought that, too, professor, but the law of gravitation has been in the way.

Once in a while some girl who has never been in a room succeeds in getting a rich husband, thus showing that there are exceptions to all rules.

A Paris paper says Emperor William looks and acts like a Frenchman. It is evident that the German emperor is bound to the French and French from becoming friendly.

"The former office boy of a St. Louis clock company has been made its temporary manager. The more of this better story is successful. Which pays better—to be an office boy or to keep one's eye on the clock?"

A St. Louis university has established a chair for chameleons. Doubtless it will be much pleasanter to be run over by a college graduate than by some ruffian who knows nothing about the chameleons.

Indole skating parties in a rink erected on a lawn are the latest fad. If this roller skating craze gets much worse we shall have to pay toll on the streets with asphalt and warn automobiles and wagons off.

Chinese laundrymen in Chicago are organizing a military company in anticipation of an upheaval at the death of the emperor.

They think they could do damage enough by going home and doing washing for their families.

It is said that anyone wishing to dilute who with water can be sure the wine will kill the microbes which may lurk in the water six hours after the mixture is made. But how long does it take the water to kill the germs of "beats forms" in the wine?

After she has secured him and has safely put him away where she knows she can get him at any time, doubtless she gets to be a husband by killing him with a snowball will confess to him that she was aiming at a cow on the opposite side of the street from him.

The most unique method of delivering mail doubtless is that employed by steamers passing the islands of the Tonga group in the Pacific. On account of many reefs landing is extremely dangerous, and the few letters to be delivered are attached to large skiffs, which are fired and reach the shore in safety.

The historic plains of Abraham will be celebrated as a national park at the celebration next year of the hundredth anniversary of the founding of Quebec. The celebration is the most important in the commemoration are able to have their way. At present the plains are marred by a rifle factory, and instead of listening to the demand that they remove to another site, the owners of the plant demand more room.

The Evening Mail, of New York, goes earnestly if not profoundly into the question of what makes or breaks a hotel. It talks pleasantly about the old-time bonfire of rubbish at the top, then how he is succeeded by the modern clerk and upon these premises places the unassailable conclusion that the hotels that get the money are made and that those failing to get it are broken. It only took a little over half a column, says the Detroit Free Press, to work out the syllogism.

Underneath the reassuring reports as to Mr. Chamberlain's health given out by his family there circulate persistent rumors of the incurable nature of his malady. One statement very strongly made in England, in private circles, is that Mr. Chamberlain is dying from cancer.

One woman who applied for a divorce says that her husband took her home on his wedding day and that his former wife was at the door and wouldn't let her in, but took back her husband. Some men are so careless about doing things that sort.

To every on the life work of his wife who preceded him in death, James Morris, of New York, made provision in his will for a bequest of \$57,000 that the crippled children and the sick little ones of St. Luke's hospital might enjoy rides in Central park and music.

A cable from London brings the alleged information that Miss Gladys Vanderbilt, who has \$30,000,000, is to come to the aid of the Marquis of Anglesea. Some of the marquis will be surprised and pained to learn that he is hard up.

It may be that the journalists who have during the past few years been trying in vain to get England and America to fight are the ones who are promoting the war between the United States and Japan.

The higher court having granted Count Bond the right to reopen his divorce case, the count still entertains hopes of not having to go to work.

St. Louis is engaged in a war on rats, and China is starving to death, too.

GEN. McLEAN CAPTIVE

COMMANDER OF SULTAN'S BODY-GUARD MADE PRISONER.

COUP BY BANDIT RAISULI

He Demands Payment of \$200,000 and Reappointment as Governor of Tangier as Price of Release.

Tangier, Morocco.—Kaid Gen. Sir Harry MacLean, commander of the sultan's bodyguard and, next to the sultan, the most powerful man in Morocco, has been captured by Raisuli, the bandit chief. Raisuli has announced that he will hold the general prisoner until the sultan grants the terms which he, Raisuli, demands for his own pardon and MacLean's release.

Gen. MacLean is a former officer of the British army and is descended from an old Scotch family. All his life he has been in the service of the sultan in the interests of civilization and humanity, and he is universally respected even among the most fanatical of the fanatical Moors.

The British legation here confirms the announcement of the capture of Gen. MacLean.

He claims he will hold Gen. MacLean until he is granted the following terms for his surrender:

1. The reconstruction of his house at Zinat.

2. The payment of an indemnity of \$200,000 to him (about \$200,000).

3. The compensation to him as governor of the province of Fes and his appointment as commander of police.

The sultan is launching a punitive expedition against the Ajlaja tribe of this vicinity owing to the fact that they have not paid their tribute to his majesty's collectors.

London, July 4.—The capture of MacLean, the commander of the sultan's bodyguard, by Raisuli is regarded here as a Gibraltarian masterpiece of the bandit, whose successful career started with the seizure of Jan Perdicaris. Evidently MacLean was completely hoodwinked. Only Tuesday he telegraphed to the sultan that he was on his way to the sultan's camp. There is little doubt here that the bandit will hold MacLean as a hostage until he is reinstated in power and otherwise indemnified for the losses which he has sustained since he was driven from the governorship of Tangier.

The latest exploit of Raisuli in capturing Kaid General Sir Harry MacLean, the commander of the sultan's bodyguard, has attracted a great deal of attention here. MacLean is probably the most influential man in Morocco, being the sultan's adviser who organized the sultan's army and civil administration, and who stands next to the sultan himself in the practical conduct of all Moroccan affairs. His capture, therefore, is even more of an achievement for Raisuli than his former capture of Perdicaris and Harris, the latter the London Times correspondent.

Morocco's affairs are often mislabeled, owing to the inaccessibility of the mountainous interior, and the nature of the reports of Raisuli's capture of MacLean proves correct. The bandit has an unusually rich prize with which to negotiate with the sultan, and possibly with England, to whom MacLean still holds allegiance, and with France and Spain, who are jointly charged with the international policing of Morocco.

CAUGHT MAKING "QUEER" COIN.

Missouri Man Arrested in Albuquerque—Bugs to Be Shot.

Albuquerque, N. M.—A man giving the name of G. U. Hall and claiming to be from St. Joseph, Mo., but recently a practicing physician at Leavenworth, Mo., was arrested here Tuesday afternoon in the act of making counterfeit money. After a long watch the officers located the counterfeit in a room in the Southern hotel.

Hall, who has a wife and daughter in Little Falls, Wash., begged the police to shoot him, as he feared the disgrace would kill his family.

KILLED 150 FEET IN AIR.

Lad Electrocut on Top of Tower at Winona Picnic Park.

Winona, Minn.—A Fourth of July "stunt" caused the death of Roy Van Sicken, aged 17 years, at a picnic park near here Thursday. The park was illuminated by a series of 25 to 30 foot high Van Sicken, following a "dare" from companions, climbed to the top of the structure. He came in contact with a live wire and his corpse was hurled to the ground, striking on rocks, which mutilated it badly. The accident was witnessed by 300 persons.

Ohio Bank Found Insolvent.

Washington.—The First National bank of Hillsville, O., has been closed by direction of the comptroller of the currency, upon the report of an examination showing the bank to be insolvent.

Farklin Caught in Marseille.

Marseille.—The police of this city Tuesday arrested Boghos Farklin, a young Armenian charged with the murder in New York last May of Father Karper Vartanian, an Armenian priest.

Wisconsin Girl Murdered.

Wausau, Wis.—Jennie Reine, daughter of John E. Reine, aged 23 to 25, was assaulted and murdered Sunday afternoon in a strip of woods near her home. Two men were arrested on suspicion.

Dublin Honors Richard Croker.

Dublin.—The corporation of Dublin decided Monday by a vote of 23 to 13 to confer the freedom of the city upon Richard Croker, whose home, Orby, won the derby at Epsom June 5, and the Irish derby.

One Official Killed Another.

Charlotte, N. C.—A special from Bakersville, Mitchell county, gives news of a fatal encounter near there between County Treasurer J. C. Randolph, stabbed County Commissioner Anderson Burleson to death with a pocket knife. The killing followed a dispute over tax returns.

Spanish War Minister Dies.

Madrid.—Gen. Lono, the minister of war, died Sunday. Gen. Lono received his portfolio from Premier Maura last January.

ITALIAN WINS AUTO RACE

NAZARRO CAPTURES GRAND PRIX OVER FRENCH COURSE.

Frenchman Is Second While American Fails to Show—Nobody Seriously Injured.

Paris.—Police Nazarro, Italian, Tuesday drove a Fiat Italian-made automobile over the 177-mile Grand Prix course in 6:46:33 and won the most famous automobile event of the world from 37 rivals. Francesco Silez, Frenchman, driving a Renault (French) car, was second, his time being recorded as 6:53:10.

Walter Christie, the American, who drove the 135-horse power machine bearing his own name, was one of the unfortunate who found the triangular 70 kilometer 928 meter road between Hippie, En and Londoners too strenuous for their cars. No contestant was seriously injured.

The pace was killing from the start, leaving a score of cars hopelessly beamed before the second round was ended. The race was full of surprises. Nazarro was not prominent early in the contest. Lando took the first three laps, but when he broke down at the third and surrendered the lead to Durand, the latter, as he reeled off lap after lap under 40 minutes, looked an easy winner, but on entering the fourth round a broken bearing put his car out of action and he was forced to retire amid the plaudits of the crowd.

In the meantime Nazarro, steadily, overtook Lando, and when Durand dropped out he continued on. The competition between Silez and the Frenchman was a close one. Silez came on from the rear and made a gallant effort during the last two laps to overtake the flying leader.

Nazarro's brilliant victory was acknowledged by all, but the heart had been taken out of the crowd by Durand's accident, and the French thousands received the news coldly.

INDIAN UPRISING FEARED.

Lives of Whites at McDowell Agency, Arizona, in Danger.

Washington.—A telegram was received Monday from Superintendent Goodwin, of McDowell Agency, Arizona, by the Indian bureau confirming the reports of trouble at that agency. It says the shooting of an Apache by Farmer Gill grew out of an effort to remove some troublesome Indians from the agency, which was undertaken on orders from Washington, and was in self-defense.

Mr. Goodwin says the lives of the Indian, friendly Indians and of the whites are in danger, but that the sheriff of Maricopa county with seven others is on the way to the scene of trouble and that the territorial militia will be available if needed. The aid of the national troops will not be asked unless the situation assumes a more serious aspect than at present. Gill is a preacher.

BIG BUILDING FALLS.

Fifty-Two Men Have Narrow Escape from Death.

Cincinnati.—Fifty-two men had a remarkable escape from death in the collapsing of a four-story business block on Main street Tuesday afternoon. Only ten being injured and none of them dangerously.

The accident was caused by the weakening of foundations by the excavation being made at Ninth and Main streets for the new ten-story building of the Second National bank and the building of a four-story office building. Its outer wall fell from the top of the excavation, where the laborers were enjoying their midday meal. Forty laborers were employed on the job and most of them were seated around the excavation when the wall fell.

The property loss is estimated at \$25,000.

TWO KILLED AND FIVE INJURED.

Grand Powder Explodes in Boat at Cedar Rapids, Ia.

Des Moines, Ia.—Four pounds of grand powder exploded Thursday morning at Cedar Rapids, killing two persons and maiming five others.

The explosion occurred in a boat. The seven were rowing. The powder was to be used in noise-making at a small picnic. The survivors say that one of those killed threw a cigarette on the top of the can and that a spark from it must have reached the contents.

Des Moines, Ia.—Four pounds of grand powder exploded Thursday morning at Cedar Rapids, killing two persons and maiming five others.

The explosion occurred in a boat. The seven were rowing. The powder was to be used in noise-making at a small picnic. The survivors say that one of those killed threw a cigarette on the top of the can and that a spark from it must have reached the contents.

Expect Boom in Black Hills.

Omaha, Neb.—Local railroad officials have been advised that the government reclamation service expects to turn water into the irrigation works at Belle Fourche, S. D., to-day. Town sites have been selected and the Belle Fourche valley expects great development.

Commits Suicide on a Train.

Bloomington, Ill.—Edward S. Black, 33 years old, committed suicide on a Chicago & Alton, Prairie State express 20 miles north of the city by cutting his throat with a razor. His health was given as a reason. His parents reside in Chicago.

Meredith Champion Bicyclist.

Paris.—The 100-kilometer bicycle race for the championship of the world was run at the Parc des Princes Thursday and won by the Englishman Meredith.

Prudential Quits Texas.

Newark, N. J.—The Prudential Insurance company announced Monday that, following the example of a number of other life insurance companies, it would withdraw from Texas, considering it impossible to comply with the law recently passed in that state.

Employees' Wages Increased.

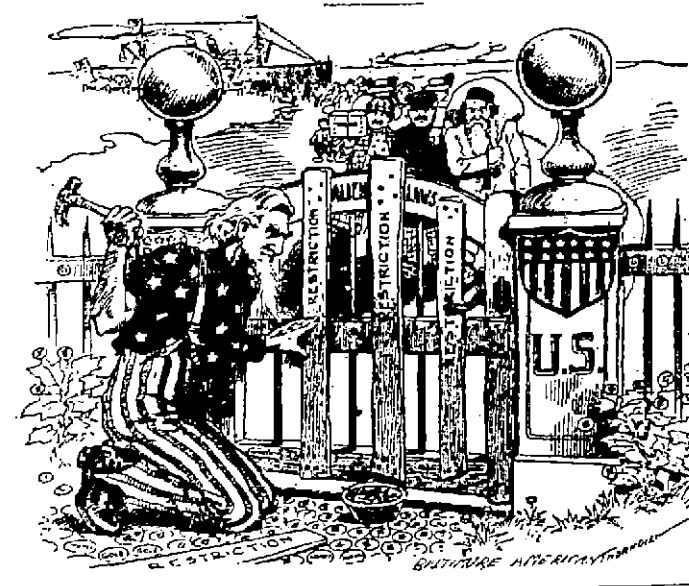

El Paso, Tex.—The American Smelting & Refining company voluntarily raised all employees' wages from eight to 15 per cent.

Want More for Sunday Work.

New York.—The longshoremen on the docks of the Cunard line struck Sunday when the steamer Umbria from Liverpool docked. The men demanded 60 cents an hour for Sunday work, which was refused. Stewards of the vessel with the help of non-union men removed the baggage.

Hubert Heuck Is Dead.

Cincinnati.—Hubert Heuck, theatrical manager, died Sunday afternoon at his home in this city after an illness lasting many months.

NEW YORK CITY RELIEVED

STRIKE OF GARBAGE DRIVERS ENDED BY MAYOR.

Streets Blocked by Heaps of Putrefying Refuse—Police Sergeant Badly Injured by a Bomb.

New York.—The strike of the city garbage collectors is over and the fears of a serious epidemic as the result of the conditions which have existed for the past week are at rest.

A committee representing the striking drivers conferred with Mayor McClellan Monday. He promised that they would return to work he would take up their grievances. Later the committee announced that they had decided to send all the men back to work, trusting to the mayor's promises.

ILLINOIS CROP BULLETIN.

Condition of Corn Not Very Good—Wheat Prospects Promising.

Springfield, Ill.—The condition of the corn crop on June 20, as returned by correspondents of the state board of agriculture, was rather discouraging, but the warm weather and occasional rains since that date have put the crop in much better condition.

The bulletin shows that June 20 there had been secured 7,255,485 acres, a decrease of six per cent from last year. The condition of the crop was 75 per cent of a seasonable average.

The June 20 condition of the wheat crop is reported as being 81 per cent of a seasonable average, an increase of six points since May 1. The prospect for the crop is promising.

SIGNS FOR PAST SHOWS.

Mark Twain Regrets Vanished Joys of Other Days.

Where now is Billy Rice? He was a joy to me, and so were the other stars of the nigger-show—Billy Birch, David Wainbold, Backus and a delightful dozen of their brethren who made life a pleasure to me 40 years ago and later. Birch, Wainbold and Backus are gone years ago and with them departed to return no more for ever, I suppose, the real nigger-show—the genuine nigger-show—the extravagant nigger-show—the show which to me had no peer and whose peer has not yet arrived, in my experience. We have the grand old nigger show, the first act of everything which Wagner created, but the effect on me has always been so powerful that one act was quite sufficient; whenever I have witnessed two acts I have gone away physically exhausted, and whenever I have ventured on the entire opera the result has been the same. I have never seen a nigger show since that time, but if I could have the nigger-show back again, in its pristine purity and perfection, I should have but little further use for opera. It seems to me that to the elevated mind and the sensitive spirit the hand-organ and the nigger-show are a standard and a stimulus whose rarefied altitude no other form of music could ever hope to reach.

Mark Twain, in North American Review.

INSURANCE INVESTMENTS.

How One Company's Assets Are Distributed in the South and West.

In connection with its withdrawal from Texas, along with many other companies, rather than to submit to the new law in Texas, the company has invested in securities of that state, which securities shall be deposited in the state and subjected to heavy taxation, in addition to the large tax imposed on life insurance premiums, the Equitable Life Assurance Society has made public the distribution of its assets, at the end of the second year of the new management. The Equitable now has \$10,558,000 invested in Texas, which is twice as much as the new law requires, but the management decided that to submit to the additional taxation would be an injustice to its policyholders. In other states, which have such a penalty on the assets of their citizens.

The Equitable's report shows that more than 37% of its total reserves are now invested in the southern and western states, while only 35% of its total insurance is carried in those states. Its investments are distributed as follows: Ala., \$1,095,000; Ark., \$2,000,000; Cal., \$3,374,00

NATIONAL STARCH COMPANY, Successors

Receipts were Small.

Many people were under the im-
pression that the baseball manage-
ment reaped a fortune on Fourth of
July when the large crowds witnessed
the games on that day, but manager
Dixon informs us that on the after-
noon of the Fourth, when the crowd
was the largest the receipts were less
than \$100. The cause of this is the
fact that there are a large number of
men and boys who go and watch the
game and either dodge the collector
or refuse point blank to pay any ad-
mission. Many of these are men
whom one would not expect to do a
thing of this kind. Of course this
solution to the difficulty is to have
a ball park with a fence around it,
so that every person that entered
would have to put up the price.

Papermakers and Athletics.

The Athletics went to Nekoma on
the Fourth and played a game of
baseball with the Papermakers. The
Papermakers won the contest being a
close one, score standing 8 to 7 at the
end of the game.

FOURTH A GOOD ONE

Many Visitors in the City to See
What We Had to Offer for
a Celebration.

There was a goodly number of vis-
itors in the city on the Fourth of
July to see what was to be done for
their amusement, and everybody
seemed to be well satisfied with what
they saw. The only event that was
not carried out according to program
was the balloon ascension. This was
unavoidable, as an accident, by which
the young lady sustained a broken
leg, occurred only two days before
the Fourth, not leaving time enough
to secure anybody else for the place.

The rain in the evening also cut
the fireworks a little short, but this
was another thing that could not be
avoided.

The day was spent in athletic
events in different parts of the city
and there was a ball game both fore-
noon and afternoon, and lovers of this
sport witnessed two good games.

The day's entertainment was ended
by a ball at the opera house. It
rained hard during the evening and
it was expected that this part would
be rather slim, but a large number
of the younger people turned out and
the hall was well filled with dancers
and the fun was kept up until a late
hour.

Band Concert.

The following is the program for
the band concert which will be played

LaGrange (Mexican).....Olas Sanglor
Selection from Marlboro.....Wallace
March, Slender Fiddle.....Souza

Died Very Suddenly.

Charles Smith of Bancroft, died
very suddenly on Sunday evening
while at the commercial house, cause
of death being blood poison.
Deceased was 77 years of age and
had been visiting relatives in the city
for a few days.

Mr. Mulrow, proprietor of the
hotel, reports that Mr. Smith had
been apparently in good health be-
fore Sunday but that on Sunday he
was taken with severe pains, when
a physician was called. Mr. Smith
at that time was suffering great pain,
but the medicine administered seemed
to help him considerably, but he
gradually lost strength until he died
about 7.30 in the evening.

The remains were taken to Ragans
undertaking rooms, where they were
prepared for burial and shipped to
Hancock the next day. The deceased
is survived by nine children, the only
one residing in this vicinity being
Mrs. Dan Johnson of Sigel.

Entertained Carriers.

Mr. and Mrs. A. L. Fontaine en-
tertained the mail carriers and rural
route carriers at a dinner on Tuesday
evening at which there was a very
pleasant time.

Independent Order of Good Templars.

On Monday evening Geo. I. Stratton,
State Deputy of Stevens Point, or-
ganized a lodge of I. O. G. T. in this
city, being a result of the tent meet-
ings held here last week.

The next meeting of this organiza-
tion will be held in the basement of
the Baptist church, July 16, 1907 at
8 o'clock p. m. at which time all per-
sons wishing to become charter mem-
bers will have the opportunity to do
so. All persons interested in this
work are earnestly requested to be
present at this meeting.

On Monday evening after complet-
ing the organization, the following
officers were elected:

Fast chief Templar—H. H. Coun-
sellor.
Chief Templar—Joseph Rogger
Vice Templar—Mrs. J. Gilke
Supt. of T. Temple—Hugo Lind
Secretary—F. J. Cooper
Assistant Sec.—Janetta Jackson
Financial Sec.—A. L. Putnam
Treasurer—Rowland Baldwin
Marshal—Edward Hind
Assistant Mar.—Mrs. E. Hind
Chaplain—H. A. Henschel
Guard—Daisy Thornton
Sentinel—Oscar Lind
Lodge Deputy—T. H. Thornton

Vesper Celebrates the Fourth

The largest celebration or gather-
ing of any kind that ever occurred at
Vesper was on the Fourth of July,
when it is estimated that there were
between fifteen hundred and two
thousand people in the village to see
what was going to happen.

The celebration was under the
auspices of the American Society of
Equity and everything passed off in a
manner that was very encouraging to
all concerned. The only thing that
marred the pleasure of the day was
the late that came in the evening.
A large bowery had been erected for
the purpose and it was the in-
tention to wind up the day in this
manner, but the rain came and the
crowd had to go to the hall, which
was much too small to hold those
who would have taken part in the
festivities.

Among the speakers present were
Prof. M. H. Jackson and Attorney L. R.
Hill, of Colfax, the latter gentleman
being a member of the American So-
ciety of Equity and spoke on subjects
relating to the society.

Spoke at Elk Mound.

Rev. Fred Staff was at Elk Mound
near Eau Claire, on the Fourth,
where he delivered the speech of the
day. Mr. Staff states that while
there was a large crowd in attendance,
his audience was made up of three
old men who were too deaf to carry
on a conversation with their neigh-
bors. While away Mr. Staff read an
item in the Minneapolis papers which
stated that Grand Rapids had been
visited by a cyclone and wiped out.

It is also stated
that while there was all down and that
it was impossible to find out what
the damage amounted to. He was
naturally considerably pleased when
he arrived home to find that the re-
port was without foundation.

Remains Interred Here.

The remains of Joseph LaVigne,
who died at Wausau Wednesday, were
brought here for burial on Saturday.
Mr. LaVigne was at one time a re-
sident of Port Edwards, but twenty nine
years ago was taken to the insane
asylum at Oakdale. Later he was
transferred to Wausau, where he re-
mained until his demise.

Deceased was 54 years old and he
survived by his mother and three
sisters and two brothers. The funeral
was held from the Catholic church
in this city, the remains being in-
terred in Calvary cemetery.

Jack Baker Burned Out.

Jack Baker, who resides just north
of the city, lost his house and a good
portion of the contents on Thursday
night, the residence being struck by
lightning and burned to the ground.
The loss is a severe one to Mr. Baker,
as most of his household goods went
with the building. Since the fire
the family have been making their
residence in the barn, which stood
far enough from the house to escape
the flames.

MARRIAGE LICENSES.

During the past week County
Clerk, Geo. W. Davis has issued the
following marriage licenses:
G. W. Severance of Pittsville and
Marie M. Drexler of the town of An-
doverdale.

Anton Koshue of Milwaukee and
Mary Arnold of Nekoma.
Albert Grimm and Emma Hauser,
both of the town of Arpin.
Frank J. McGargle and Martha A.
Ree, both of Nekoma.

Brought a Large Crowd.

The excursion train that came
down from Marshfield on Sunday
brought over four hundred people.
It was an orderly crowd, with-
standing the fact that there was no
amusement for their outside of the
ball game. It is the intention to
play a return game in the near
future, when an excursion will be
run to Marshfield from this city.

Will Play Freeport.

Next Monday the local baseball
team will play the Freeport team of
the state league in this city. A good
game may be expected as the Free-
ports are near the head of the list in
the league.

Next Sunday the local team will
go to Merrill to play the team there.
It is probable that a number of rooters
will go up with the team.

Will Play Freeport.

Next Monday the local baseball
team will play the Freeport team of
the state league in this city. A good
game may be expected as the Free-
ports are near the head of the list in
the league.

Next Sunday the local team will
go to Merrill to play the team there.
It is probable that a number of rooters
will go up with the team.

Will Play Freeport.

Next Monday the local baseball
team will play the Freeport team of
the state league in this city. A good
game may be expected as the Free-
ports are near the head of the list in
the league.

Next Sunday the local team will
go to Merrill to play the team there.
It is probable that a number of rooters
will go up with the team.

Will Play Freeport.

Next Monday the local baseball
team will play the Freeport team of
the state league in this city. A good
game may be expected as the Free-
ports are near the head of the list in
the league.

PLAY THREE GAMES.

Local Baseball Team has a Busy
Week, and Breaks Even
on Games.

The Tigers played three games of
baseball during the past week, two
with the Merrill on the Fourth, the
first of which the Tigers lost by a
score of 8 to 3, and the second was a
tie, 2 to 2, after playing 11 innings,
when the game had to be called on
account of it being necessary for the
Merrill boys to catch the 5.30 train
for home.

The game on Sunday with Marsh-
field resulted in an easy victory for
the Tigers, the score being 10 to 2.
Marshfield has not yet won a game
this year, the players being all home
boys who have put in very little prac-
tice on the game so far.

The first game with Merrill on the
morning of the Fourth was somewhat
one sided and the Tigers seemed to be
playing in a little bit of hard luck,
and the visitors did not let anything
get away from them, and the con-
sequence was that they took the lead
and gradually increased it to six and
of the game. The visitors also out-
played our boys at several points, im-
pressing the spectators with the idea
that they were a little the best of the
two.

In the afternoon, however, the
Tigers got down to business and
played a nice even game, and the
Merrill boys were shut out until the
ninth inning, when they got in two
runs and tied the score. There was
some very good ball playing on both
sides, each making a strong effort to
win the game. The Tigers were a
bit and had only one man out when
the game was called, so there is a
possibility that the Tigers may have
had even the eleven innings. When
played out. The umpiring was done
at both the games on the Fourth by
Mark Hallis of Wausau and his de-
cisions were very satisfactory to both
sides.

The game on Sunday with the
Marshfield team was decidedly tame
as the boys from the other end ad-
mitted before the game that they had
no idea of winning and would be well
satisfied if they succeeded in landing
one run. They got the run in the
7th inning and then the Tigers made
a miscalculation and the visitors got
in another in the same inning.

There were a large number of Marsh-
field people at the game, and had it
been at all close there would have
been an interested crowd. Umpire,
Geo. Gignean.

Knight pitched all three games for
the home team and he is a good
pitcher and a hard worker and gave
good satisfaction to everybody in-
terested. He exhibited remarkably
good staying qualities as he threw
twenty innings on Thursday and was
apparently in as good condition when
he finished as when he started.

The next game in this city will be
on Monday next, when the state
league team from Freeport will be
here.

Want Information of a Missing Girl.

The following from the Green Bay
Gazette may assist in locating a mis-
sing girl and if anyone knows of her
whereabouts they should notify Post
master M. E. Barton.

Information wanted of the where-
abouts of Miss Ethel Somella, who
left home on Thursday afternoon,
June 27, about 8 o'clock.

She was 17 years old, medium
height, light brown hair, blue eyes
and pale complexion, wore navy blue
silk dress suit, blue hat, white waist
and gloves, black patent leather walk-
ing shoes, carried a small russet
leather hand valise. It is thought
she might seek employment in a pri-
vate family.

Any information will be thank-
fully received by Mr. and Mrs.
James T. Barton, No. 120 Maple
avenue, Green Bay, Wis.
Box phone 749-2. Valley phone
Blue 30.

Beaten by Waupaca.

The Elks went to Waupaca on
Tuesday where they played a game of
baseball with the Knights of Pythias
of that city. The Waupaca boys win-
ing by a score of 5 to 2. Brennan and
Heller were the battery for the Elks,
and those who witnessed the game
say that it was a good one, with-
standing the fact that the Elks have
done but little practice this season.
The boys report that they were en-
tertained in a royal manner by the
Waupaca people, remaining there all
night and returning home this morn-
ing.

Ball Game Sunday

The Elks of Stevens Point will
play the Athletics of this city at the
fair grounds on Sunday. The Elks
report that they have not been de-
feated this season, so that a good
game may be expected. Admission
25c., ladies free.

Will Play Freeport.

Next Monday the local baseball
team will play the Freeport team of
the state league in this city. A good
game may be expected as the Free-
ports are near the head of the list in
the league.

Heavy Storm Sunday Night

A heavy storm visited this section
on Sunday evening and it looked for
a time as if there might be heavy
damage here in the city. The storm
passed to the north, however, and
reports from Rudolph are to the effect
that they were visited by wind, rain
and hail of unusual severity.

Reports up that way report that
down as much as a diameter fell, and
being carried along by a strong wind,
did a large amount of damage.

Windows were broken on the north
side of buildings, and crops were
beaten down and in many cases badly
damaged. The windows in the
church at Rudolph were broken as
were also those in the school house
in the Nekoma district. Taken all
together there was a large amount of
damage done.

Died of Lockjaw.

Willie Witt, the thirteen year old
son of Wm. Witt of Kelso, died on
Saturday from tetanus as the result of
a wound which he received about a
week before while firing a blank
cartridge pistol.

The little fellow had procured the
pistol for the purpose of celebrating
the Fourth and while firing the arm
he was wounded slightly. Nothing
much was thought of the matter at
the time, as the wound was only
slight and it was expected that it
would heal up without any trouble.

Later the symptoms of tetanus
developed and when a physician was
called the trouble had advanced so far
that nothing could be done for him,
and he died in great agony.

Celebrate Fiftieth Wedding An-

niversary.
A very pleasant family reunion oc-
curred at the residence of Mr. and
Mrs. H. E. Gignean on July 4th in
honor of the 50th anniversary of the
marriage of Mr. and Mrs. Hugh Gignean
of this city. Twenty of the im-
mediate relatives were entertained,
those from out of town being Dr. and
Mrs. D. J. Hayes and daughter
Genevieve and Miss Ellen Munnahan,
all of Milwaukee.

May Soon be a City.

The inhabitants of Nekoma are
again figuring on having a city
government in the near future instead
of existing as a village as has been
the case in the past. It is proposed
to take up the matter at the meeting
of the village and it is claimed that this
would give them a population of
about 1500. Nekoma is a progressive
little place and there is no reason
why they should not have a city if
they want it.

Killed in a Cyclone.

One of the parties that was killed
in the cyclone that struck near Berlin
on the evening of July 4th was D. Y.
Troxell, who was the father of Mrs.
A. L. Gignean of Rudolph. Mrs.
W. E. Warren of the town of Carson,
Portage county, was also a daughter
of Mr. Troxell. The Troxell place
was utterly demolished and Mr.
Troxell was so badly injured that he
died on the afternoon of the 4th.

Received Bad Cut.

Little Norma Brandage received a
bad cut on Monday by falling from a
bicycle. She was riding on the
handle bars with Janette Daly when
she fell and struck the cement walk,
cutting a gash in her forehead which
required two stitches to close it.
She also received several severe lacer-
ations on the face, but has since been
getting along all right.

Large Crowd at Fair.

There was a large crowd in atten-
dance at the stock fair on Tuesday,
the east side market square being
crowded with men, teams and cattle.
Quite a number of cattle and horses
were disposed of and those who at-
tended seemed well pleased.

Eating New Potatoes.

T. J. Cooper had a mass of new
potatoes from his garden on the 4th
of July. While the season is con-
sidered to be an unusually backward
one, this would indicate that vegeta-
tion is not much behind where it
usually is at this time of the year.

of Alfred Matthews and Elmer Cronm
of Matthews returned to their homes
on Sunday after spending a week at
the C. A. Kluge house in this city.

The board of review met on July
1st and adjourned until Aug. 1st at
9 o'clock a. m. when they will meet
in the council room and be ready to
take up the review.

Miss Myrtle Matthews, who has
been making her home at the C. A.
Kluge home in this city, left on Sun
day to spend the summer with her
father, Alfred Matthews at Milwa
waukee.

Joseph DeWayne of Milwaukee
was in the city several days during
last week visiting with friends. Jo
formerly worked in the Wood Coun
ty bank, but is now studying modelin
g in the Cream City.

Mrs. Lizzie Cahill, who is now in
business at West Bend, Wis., was in
the city a few days. She was
Mrs. Cahill's father, who has been
suffered away in the city, which was
shipped to West Bend last week.

The dry tank belonging to J.
Shore was hauled on Monday. There
was a load of furniture belonging to
Will Slingsland on the dry tank and
was sent down along the road and had
it damaged. Nobody was hurt.

Miss Mollie Muir of March, Wis.,
was in the city over the Fourth.
She departed on Saturday for her home
being accompanied by her sister, Miss
Edw. Morrell and two children. Muir
will make an extended visit at the
place.

Tombhaugh Lumber.—Mr. and M
W. R. Arrington left Monday for
Frankie, Wis., where they will live
next week. Miss Katherine Gilling
has been here also, left the city
leaving for her home at Nokona.

John Boles of Green Bay spent
a week in the city visiting with re
latives. John has been making
headquarters at Green Bay for
two years, having the agency for
Pool Proof Lighting plants in the
locality.

Wascan Record.—Mr. and M
Max Cohou and daughter Ethel
Nico Cohen and family of Wau
and Joe and the Grand Rapids
service. The latter part of next week
will go to the Jamestown Expositio
New York City and other ex
positions.

Beginning with next Sunday
Sunday school of the Congregatio
church will hold its session before
morning service, beginning
at 9:30 Morning service at 10
Young people's meeting at 9:45
Union meeting in the Meth
church next Sunday at 7:30.

Harry Powell, one of the
fighters in the Grand Rapids
resigned on Monday and departed
tombhaugh where he expects to
the balance of the season. Harry
one of the popular players in the
team and will be greatly missed
by the fans.

People who are past the
ring of the Fourth thought the
were going to have some destruc
wind here. It blew for about
seconds as if we were getting a
kind of a cyclone. It lasted
a short time and no damage was
outside of the trees about a
number of shingles blown down.

—Most of the streets are open
and are in the condition in

Government statistics tell us that Seven and One-half million people in the United States have an account in the Savings Bank. Most of them started small. This accounts for the large number of people who own their own homes in the Eastern states where they have acquired the "Savings Bank habit."

One Dollar is enough to start an account in the savings department of this bank.

THE FIRST NATIONAL BANK
GRAND RAPIDS - - - WISCONSIN
Oldest Bank in Wood County.

Small Ice Bills

The size of your ice bill depends on whether you have a refrigerator or not and if you have one---on the kind---We have refrigerators in all the leading makes. Call and let us explain their advantages.

GEO. W. PURNELL
HARDWARE, East Side.

VICTORIA, DEWEY, SUNBEAM

A WISE WOMAN

Knows that one of the first requisites in making good bread is to have first-class flour, and she will generally have it if it is obtainable.

A WISE MAN

Will always see to it that his wife has good flour and to make sure of the matter he will order VICTORIA, DEWEY or SUNBEAM.

GRAND RAPIDS MILLING CO

THE "WHY" OF IT

Did you ever wonder why Trendeasys shoes are never sold at a reduced price or found on a bargain counter? One reason is that that they are always a bargain at \$3.50 and another is because the margin of profit for both the manufacturer and retailer is so small there is no chance for a reduction. You get your money's worth when you buy Trendeasys.

Sold Only By
I. Zimmerman,

FOR SALE AT A BARGAIN

The Building formerly occupied by the Chambers Creamery Co., located near the St. Paul tracks can easily be made into house and will make an ideal barn. Here is a chance to speculate.

Chambers Creamery Co

Chamberlain's

COLIC, CHOLERA AND
Diarrhoea Remedy

Is a reliable, pleasant and safe remedy for bowel complaints both in children and adults. Buy it now; it may save life.

WHEN IT COMES

To the Lumber that enters into the construction of the house itself there are few that can do as well for you and give you as good satisfaction as we do. None can do better. Come in and see us. Look at our stock and talk the matter over with us. We are pleasing others. We know we can please you. Try us.

KELLOGG BROS. LUMBER COMPANY

Taylor, the negro, is one of the best sprinters in America. He is warranted fast black.

Norway's seaweed, used as fuel, yields a greater revenue than do the fisheries of that country.

If women would rather do the prepping than the sowing, why, the men ought to be agreeable.

With famine, rebellion and earthquakes, China isn't missing many of the big things going this year.

A Chicago girl refused to marry a man, who at once justified her lack of confidence by killing himself.

Dr. Emil Reich says music is dead. Perhaps they have no piano in the flat above the one Dr. Emil occupies.

The doctor who collected 1,000 skulls ought to be an ex-officio member of all the Greenickler fraternities.

Says an Alabamian poet, "I said to my brother, 'After all fishermen are liars.' He said: 'After due reflection you mean, man.'"

Prof. Ithell says we shall soon be flying. Ithell has thought that, too, professor, but the law of gravitation has been in the way.

Once in a while some girl who has never been in a chorus succeeds in getting a rich husband, thus showing that there are exceptions to all rules.

A Paris paper says Emperor William looks and acts like a Frenchman. It is evident that the Parisian editors are bound to keep Germany and France from becoming friendly.

The former office boy of a St. Louis clock company has been made its temporary manager. The moral of this brief story is uncertain. Which pays better—to be on time or to keep one's eye on the clock?

A St. Louis university has established a chair for chauffeurs. Doubtless it will be much pleasanter to run over by a college graduate than by some rude person who knows nothing about the classics.

Roller skating parties in a rink erected on a lawn are the latest fad. If this roller skating craze gets much worse we shall have to pave all the streets with asphalt and warn automobiles and wagons off.

Chinese laundrymen in Chicago are organizing a military company in anticipation of an upheaval at the death of the dowager empress. We should think they could do damage enough by going home and doing washing for their enemies.

It is said that anyone wishing to dilute water with water can be sure the water will be pure. The law of water lark in the water within six hours after the mixture is made. But how long does it take the water to kill the germs of "brain storms" in the wine?

After she has secured him and has sent him away where she knows she can get him at any time doubtless the girl who was a husband by hitting him with a snowball will confess to him that she was aiming at a cow on the opposite side of the street from him.

The most unique method of delivering mail doubtless is that employed by steamers passing the islands of the Tonga group in the Pacific. On account of many reefs landing is extremely dangerous, and the mail is delivered by being attached to large skyrockets, which are fired and reach the shore in safety.

The historic plains of Abraham will be celebrated next year of the three hundredth anniversary of the founding of Quebec, provided those most prominent in the commemoration are able to have their way. At present the plains are mired by a rifle factory, and instead of being to the glory of the nation they are to the glory of the owners of the plant demand more room.

The Evening Mail, of New York, goes so far as to say that a woman who is a national park at the celebration next year of the three hundredth anniversary of the founding of Quebec, provided those most prominent in the commemoration are able to have their way. At present the plains are mired by a rifle factory, and instead of being to the glory of the nation they are to the glory of the owners of the plant demand more room.

Underneath the reassuring reports as to Mr. Chamberlain's health given us by his family there circulate persistently rumors of the incurable nature of his malady. One statement very strongly made in England, in private circles, is that Mr. Chamberlain is dying from cancer.

One woman who applies for a divorce says that her husband took her home on their wedding day and that his former wife was at the door and wouldn't let her in, but took back her husband. Some men are so careless about doing things that sort.

To carry on the life work of his wife, who preceded him in death, James Morris, of New York, made provision in his will for a bequest of \$37,500 to the crippled children and the sick little ones of St. Luke's hospital which enjoy rides in Central park and music.

A cable from London brings the alleged information that Miss Gladys Vanderbilt, who has \$20,000,000, is to become the wife of the Marquis of Anglesy. Friends of the marquis will be surprised and pained to learn that he is hard up.

It may be that the journalists who have during the past few years been trying in vain to get England and Germany to fight are the ones who are promoting the war between the United States and Japan.

The higher court having granted Count Rost the right to reopen his divorce case, the count still entertains hopes of not having to go to work.

St. Louis is engaged in a war on rats, and China is starving to death, too.

GEN. McLEAN CAPTIVE

COMMANDER OF SULTAN'S BODY-GUARD MADE PRISONER.

COUP BY BANDIT RAISULI

He Demands Payment of \$200,000 and Reappointment as Governor of Tangier as Price of Release.

Tangier, Morocco—Kaid Gen. Sir Harry MacLean, commander of the sultan's bodyguard and next to the sultan, the most influential man in Morocco, has been captured by Raisuli, the bandit chief. Raisuli has announced that he will hold the general prisoner until the sultan grants the terms which he, Raisuli, demands for his own pardon and MacLean's release.

Gen. MacLean is a former officer of the British army and is descended from an old Scotch family. All his influence with the sultan has been exercised in the interests of civilization and humanity, and he is universally respected even among the most fanatical of the foreign-baiting mobs.

The British consul here confirmed the announcement of the capture of Gen. MacLean.

Raisuli says he will hold Gen. MacLean until he is granted the following terms for his surrender:

1. The reconstruction of his house at Zinat.

2. The payment of an indemnity of \$100,000 dollars (about \$200,000).

3. His reappointment as governor of Tangier and of Fais and his appointment as commander of police.

The sultan is launching a punitive expedition against the Aijura tribe of this vicinity owing to the fact that they have not paid their tribute to his majesty's collectors.

London, July 4.—The capture of MacLean, the virtual commander of the forces of the sultan of Morocco, by Raisuli is regarded here as a Gilbertian masterpiece of the bandit, whose successful career against the sultan's forces has been a series of successes in getting a rich husband, thus showing that there are exceptions to all rules.

A Paris paper says Emperor William looks and acts like a Frenchman. It is evident that the Parisian editors are bound to keep Germany and France from becoming friendly.

ITALIAN WINS AUTO RACE

NAZARRO CAPTURES GRAND PRIX OVER FRENCH COURSE.

Frenchman Is Second While American Falls to Show—Nobody Seriously Injured.

Paris. — Police Nazarro, Italian, Tuesday drove a Fiat Italian-made automobile over the 477-mile Grand Prix course in 4:46:33 and won the most famous automobile event of the world from 37 rivals. Francois Seix, a Frenchman, driving a Renault French car, was second. His time being recorded as 5:53:10.

Walter Christie, the American, who drove the 135-horse power machine bearing his own name, was one of the unfortunate who found the triangular 75 kilometer 998 meter course between Dieppe, Bu and Londiniere too strenuous for their cars. No contestant was seriously injured.

The race was killing from the start, leaving a score of cars hopelessly beaten before the second round was ended. The race was full of surprises. Nazarro was not prominent early in the contest. Lancia took the first three laps, but when he broke down at the third lap, he surrendered the lead to Durray, the latter, as he reeled off lap after lap under 40 minutes, looked an easy winner, but on entering the fourth round a broken bearing put his car out of action and he was forced to retire amid the plaudits of the crowds.

In the meantime Nazarro, riding like a demon but cool and steady, overtook Lancia and when Durray dropped out he continued on, unbeaten, to the finish. Salza came up from the rear and made a gallant effort during the last two laps to overtake the flying leader.

Nazarro's brilliant victory was acknowledged by all, but the heart had been taken out of the crowd by Durray's accident, and the French thousands received the news coldly.

INDIAN UPRISING FEARED.

Lives of Whites at McDowell Agency, Arizona, in Danger.

Washington.—A telegram was received Monday from Superintendent Goodman, of the Indian bureau, confirming the report of trouble at that agency. He says the shooting of an Apache by Farmer Gill grew out of an effort to remove some troublesome Indians from the agency, which was under taken on orders from Washington, and was a self-defense.

Mr. Goodman says the lives of whites, friendly Indians and of the Indian police are in danger, but that the sheriff of Navajo county with seven others is on the way to the scene of trouble and that the territorial militia will be available.

On the East Side streets conditions are almost unbearable. The return of hot weather has added to the seriousness of the situation.

In place of the hearse of garbage practically all the streets and traffic is impeded. The city is a mass of filth.

NEW YORK CITY RELIEVED

STRIKE OF GARBAGE DRIVERS ENDED BY MAYOR.

Streets Blocked by Heaps of Putrefying Refuse—Police Sergeant Badly Injured by a Bomb.

New York.—The strike of the city garbage collectors is over and the four of a serious epidemic has been ended. The conditions which have existed for the past week are at rest.

A committee representing the strike drivers conferred with Mayor McCall Monday. He promised that if they would return to work he would take up their grievances. Later the committee announced that they had decided to send all the men back to work, trusting to the mayor's promise. It was also announced that the men would work overtime until the accumulation of garbage in the streets had been removed.

All day long the health department officials put forth their utmost efforts to gain some headway against the rapidly increasing accumulations in the streets. About 250 carts were in use, but strike breakers were hard to find and difficult to lead.

Police Sergeant William Duggan was seriously injured by the explosion of what the police believe was a bomb while escorting two carts in One Hundred and Sixteenth street late in the day. The sergeant was blown several feet. He was taken to a hospital suffering from shock and lacerations.

ILLINOIS CROP BULLETIN.

Condition of Corn Not Very Good—Wheat Prospects Promising.

Springfield, Ill. — The condition of the crops over on June 20 as returned by correspondents of the state board of agriculture, was rather discouraging, but the warm weather and occasional rains since that date have put the crop in much better condition.

The bulletin shows that June 20 there had been seeded 7,235,185 acres, a decrease of six per cent. from last year. The condition of the crop was 75 per cent. of a seasonable average, a decrease of 13 points from the June, 1906, condition. The crop was two weeks later than usual in being planted, owing to the cold, wet weather. Cut and grub worms were reported as working on the corn in many counties, but no serious damage is reported.

The June 20 condition of the wheat crop is reported as being 91 per cent. of a seasonable average, an increase of two points since May 1. The prospect for the crop is promising. The spring wheat crop, which is always small in Illinois, shows a condition of 103 points, being an increase of 12 points since May 1.

The average condition of oats is but 80 per cent. of a seasonable average, the green bug having done great damage, especially in central Illinois. The June 20 condition of rye is the same as May 1, being 90 per cent. of a seasonable average. The condition of meadows is 88 per cent. of a seasonable average. Several counties report a serious damage to meadows by cut and grub worms.
